# What you can expect with KMBS

## As a Patient

People caring for people.

- Empathetic communication and approach.
- Patient Advocate dedicated to exploring financial solutions for the patient, not just collecting payment.

## As a Client

When you call us, you're going to speak to a person.

- Exceptional customer service that includes timely and transparent feedback on RCM performance.
- Our business and growth models assure every client is treated like our only client.

## As a Physician

Real-time physician feedback and analytics pertaining to incomplete charts, documentation opportunities, and other key metrics

## Documentation Education

We take a client-directed approach to effectively support, resource, and set expectations for your clinicians.

## Billing Enrollment Proficiency

We enable growth with a mindfulness toward cashflow using fast, efficient enrollment processes. Our goal is to get your clinicians up-and-running swiftly and without bottlenecks.

## Coding

We provide top-of-the-industry coding quality to optimize RVUs and financial success.
